

## Guidelines for the application form

**Name** Please give your First and last name  
**Address** The current address where you live  
**Age** An indication is required by us for Driver licensing requirements  
**Occupation** Please state whether you are working, unemployed, retired or disabled.

### **Availability**

Please indicate what periods during the week you are available. These do not in any way commit you to these times – it gives us an indication for journey planning. Please note that some schemes only operate a weekday day time service.

### **References**

Please give names and addresses of two people that would give you a character reference for the scheme. The referees don't have to be a previous employer, but a friend (not close relative) that would vouch for you. These will not be approached without your prior knowledge.

### **Type of Car**

Please give the relevant information so we can obtain a hospital parking permit for you.

### **Which scheme do you wish to drive for?**

Indicate which scheme you would like to join. If you are unsure give the Community Transport Officer (CTO) a ring (01792) 522976 for more information about a particular scheme. If you would like to join more than one scheme please indicate.

### **Wheel Chair accessible vehicles**

Some schemes have wheel chair accessible vehicles – if you were interested in driving this type of vehicle please tick (extra training will be provided)

### **Insurance**

You must inform your insurance company if you wish to drive for a Voluntary car scheme (using your own car). Most insurance companies don't charge for this. Please contact the CTO (01792 522976) for an insurance form

### **General health**

Please notify us if you have or had a condition that would affect your ability to drive for the scheme.

***Please sign and date the form, then return it to:***
